HIGHLY MOISTURISING, NOURISHING AND REHYDRATING SKIN MOISTURISER THAN CAN BE TAILORED WITH ESSENTIAL OILS, CARRIER OILS AND PLANT ACTIVES TO PRODUCE HIGH CLASS SKINCARE PRODUCTS

Made from Natural Plant Oils and without Parabens, our moisture cream base is suitable for the most sensitive of skin.

SKIN SUITABILITY

Effective for all skin types, can be tailored with the addition of essential oils.

APPLICATION DIRECTIONS

After cleansing your face apply the cream to a dry skin. Starting at your chin apply an upwards motion to your face smoothing out from the centre to the extremities of the face. Apply to the forehead in an upward motion to strengthen the facial muscles, helping to tone and improve the skins texture.

DIRECTIONS FOR BLENDING

A wonderful building block for building body and facial moisturisers. Adding Carrier oils can change the colour, whilst benefiting from the properties. Essential Oils will add scent and therapeutic properties.

Our range of Actives creates tailored skincare solutions from anti-ageing facial treatments to regenerative foot masks.

One of the easiest bases to use, simply add oils and stir, the base will readily mix with plants oils, extracts, actives and essential oils.
